Client-Side Technologies: React, HTML, CSS, MDX

Server-Side Technologies: Node.js, Express, Next.js, EJS/Pug

CSS Frameworks: Tailwind CSS

DB/ODM: MongoDB/Mongoose

Version Control/Collaboration: Git, Github, Gitlab

Soft Skills: Self/Team management, Communication, Adaptability & Flexibility

## Experience

**FlexyUI.com** | Full-Stack Web Developer

Oct 2024 - Mar 2025

FlexyUI is a modern React component library that helps developers build interfaces faster by providing reusable, responsive, and customizable UI components.

### Key Responsibilities:

- Built key front-end features like the hero section, template showcase page, and reusable React components (e.g., Marquee, Stepper, Newsletter, Sidebar).
- Improved website design and user experience by updating the layout, colors, and making it responsive on all devices.
- Developed a custom analytics tool to track user behavior, including component usage, page visits, and link clicks, enabling data-driven improvements without relying on third-party services.
- Worked with the team to improve performance and usability, participated in code reviews, and applied best practices for clean, efficient code.

**Tech Stack:** Next.js, TypeScript, Tailwind CSS, MDX, NodeJS, MongoDB

## Projects

- **Project Title:** Attendance App

**Client:** Baitussalam Tech-Park

**Description:** Developed a student attendance tracking app to simplify and automate the attendance process.

### Key Features:

- Shows only active sessions in real time to avoid confusion.
- Implemented backend validation to ensure accurate attendance recording by verifying the student, course, and session timing before data submission.
- Follows MVC architecture for scalable and maintainable code.

**Tech Stack:** Node.js, Express, EJS, Tailwind CSS

- **Project Title:** [Academy Directory Website – Taleemify.pk](#)

**Description:** Contributed to the development and enhancement of Taleemify.pk, a directory website that helps users find academies and courses.

**Key Features:**

- Advisor Pages & Scheduling – Developed advisor profile pages with detailed profiles and integrated Calendly for seamless appointment booking.
- Advanced Search Feature – Integrated Fuse.js for fast, fuzzy searching, allowing users to efficiently find academies and courses.
- UI/UX Enhancements – Improved the user interface for a more intuitive and seamless experience across devices.

**Tech Stack:** Next.js, TypeScript, Tailwind CSS, Node.js

## Tools & Mini Projects

Developed a suite of small-scale tools and interactive web applications tailored to client needs, focusing on usability, performance, and clean UI/UX:

- **[Flexy Quiz – Interactive Tech Quiz Application](#):** A quiz application for tech learners to test knowledge with instant feedback and scoring.
- **[Custom Dev Portfolio Template](#):** A fully responsive portfolio template with dynamic MDX content support, featuring four customizable themes: Light, Dark, Retro, and Aqua.
- **[Lucky Draw Name Picker](#):** An engaging React app for random name selection with smooth animations.
- **Duplicate Word Finder:** A web tool that analyzes text input and highlights duplicate words in real time.
- **Other projects:** In addition to these projects, I have developed numerous other applications, which you can explore further on [my portfolio here](#).

## Certifications

- *Baitussalam Tech-Park* – Professional Software Development Certification (Grade: A+, Secured First Position)
- *Harvard University* – CS50's Introduction to Computer Science
- *FCC* – Responsive Web Design Certification
- *FCC* – JavaScript Algorithm and Data Structures Certification
- *FCC* – Front End Development Libraries Certification
- *FCC* – Back End Development and APIs Certification
- *Google* – Google Soft Skills Program
- *DigiSkills.pk* – Search Engine Optimization

## Education

**HEC, Islamabad** | [MA in Islamic Studies](#)

Feb 2024

**Jamia Darul Uloom Karachi** | [Shahadat ul Almiyah](#)

Feb 2014 - Feb 2023

**Allama Iqbal Open University, Islamabad** | [Intermediate](#)

2017 - 2019
